

# DEVELOPMENT OF ANGGREK GORONTALO PORT

LOCATION: Gorontalo Province

Sector: Transportation

Sub-Sector: Port

**Government Contracting Agency** : Minister of Transportation  
**Contact Person** : Susanti Pertiwi (Head of Infrastructure and Business Sub-directorate)  
 +62-852-8006-5003; e-mail: [s.pertiwi74@gmail.com](mailto:s.pertiwi74@gmail.com)  
**Estimated Concession Period** : under calculation

**Estimated Project Cost:** US\$ 19,15 million

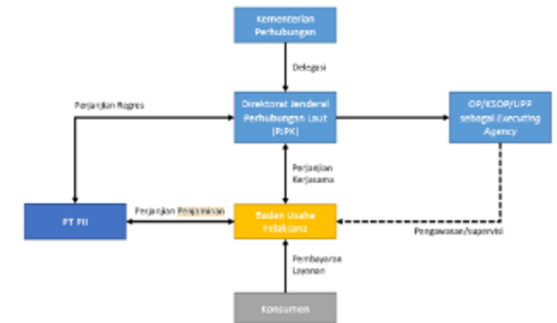

**Indicative Project Structure**

### Financial Feasibility:

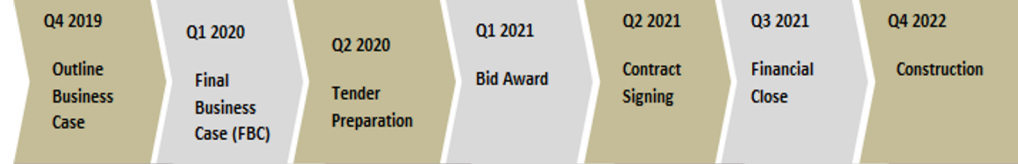

FIRR : under calculation  
 NPV : under calculation

### Indicative Government Support & Guarantee:

Government support and Government guarantee will be determined in Final Business Case.

### Project Timeline:

### Description :

The current condition of infrastructure and facilities at Anggrek Port is inadequate to accommodate the needs of the current activities. With the demand which is expected to continue to increase, this project is considered quite attractive to the private sector. The Port of Anggrek as a Collecting Port (PP) functions to load and unload cargo and containers including the export of corn to Brunei Darusalam, Malaysia, Korea and the Philippines, and the coal port as a raw material for PLTU.

### Business Opportunity:

Bidder/financier

### Project Status:

Project is currently on Outline Business Case phase
