

Balikpapan Penajam Paser Utara Toll Bridge

Project Owner

PT. Tol Teluk Balikpapan

Project Background

As one of the support systems in creating the road network for Indonesia's New Capital City, the toll bridge will connect two districts (Balikpapan – Penajam Paser Utara/ PPU) and will cut the traveling time from 2 hours to 15 mins. The bridge will shorten distance from SAMS Intl. Airport to PPU and new capital city location.
